IMPORTANT INFORMATION

- Remote Access using HCA's Virtual Desktop interface is limited to Providers & their Clinical Support Staff users who have been credentialed at an HCA facility and/or requested system access to patient records for continuity of care.
- Any user who has not logged into the system within 180 days will have their access automatically suspended and potentially deleted.
- Users and Providers should never share their usernames and passwords with other users or Providers. Doing so is a violation of the HCA Confidentiality & Security Agreement & users should visit <u>https://wfdvconnect.com</u> to request their own system credentials.
- Contact the Service Desk at 877-772-2814 for assistance with logging in or for technical issues with setting up access.

Note: These instructions are basic steps for logging into the portal. While care has been taken to point out known tricks and tips, variances in system configurations, browser version of access, etc. can affect the steps outlined on the next few pages. It is recommend to contact your local IT support for assistance or our Service Desk if you have issues establishing access.

Install Citrix Workspace

- Download & install the latest version of Citrix that corresponds with your operation system from the location below:
 - o Windows
 - https://www.citrix.com/downloads/citrix-receiver/windows/receiver-for-windows-latest.html
 - o Apple
 - https://www.citrix.com/downloads/citrix-receiver/mac/receiver-for-mac-latest.html

Notes:

- You must have rights to install software on the computer. If you have issues installing Citrix or are unable to, please work with your local practice IT contact to assist you.
- No custom configuration is necessary. Accept all defaults through the install. DO NOT check "Enable Sign On" when prompted.
- If a Citrix box appears that says "Add Account", click Cancel to ignore it. It is not necessary for the HCA
 portal access configuration.

If Citrix is already installed, you will see one of these icons in the lower right corner of your screen, near the clock. Right-click on the icon and go to "About" or "Advanced Preferences" to see what version is installed. HCA requires minimum version 4.6 for Windows or minimum 12.4 for MAC.

WINDOWS - Save as Desktop Shortcut

- Right-click & select New > Shortcut.
- Type https://westflorida.vdi.medcity.net into the location box.
- Enter a Shortcut Name into the Name field (ex. HCA Portal).
- Click Save.

INTERNET EXPLORER - Save as Favorite

- While in IE, press CTRL+D from any website, even about:blank.
- Enter a Shortcut Name into the Name field (ex. HCA Portal).
- Click OK.

•

- Press CTRL+B
- Find the shortcut name you just created. Right-click on it and choose Properties.
- Type https://westflorida.vdi.medcity.net into the URL field.
 - Click OK.

GOOGLE CHROME - Save as Favorite

- While in Chrome, press CTRL+D (Command+D on Mac)
- Enter a Shortcut Name into the Name field (ex. Trident Portal). Click Edit.
- Type https://westflorida.vdi.medcity.net into the URL field.
- Click Save.

MAC - SAFARI - Save as Favorite

- In Safari, press Command+D from any website.
- Enter a Shortcut Name into the Name field (ex. Trident Portal).
- Click OK.
- Press Alt+Command+B
- Find the shortcut name you just created. You may have to expand the Favorites folder. Long press or right click in the Address field to edit.

- * Users are asked to provide their email address and/or cell phone number on their access application. If we have both of these on file, the system will prompt you to choose which point of contact you want the security code delivered.
 - If the last four digits of the phone number do not match your mobile, do not check delivery by text and choose email instead. If the number is incorrect, you may reach out to our Service Desk at 877-772-2814 to have that information updated.
 - ** By checking "Don't ask me again", the system will eventually remember you & won't ask for a passcode when logging in for 90 days. If you continue getting prompted, keep checking until no longer prompted.
